

FORESTRY DEVELOPMENT CENTER

College of Forestry and Natural Resources

The Forestry Development Center (FDC) fulfills its national mandate of forest and natural resources policy research and advocacy, as stipulated in Section 11 of Presidential Decree 1559, a decree amending P.D. 705, otherwise known as the *Revised Forestry Code of the Philippines*.

Linking Science and Policy

Our Mission

- Conduct policy studies, policy development and policy advocacy
- Link research results into forestry policies
- Establish an effective and efficient forestry resource information system
- Enhance the capability of the forestry and natural resources sectors in policy research and development

Our Vision

FDC as the Center of Excellence for policy research and development in forestry and natural resources towards a sustainable and resilient environment and better quality of life.

Our Goal

Develop comprehensive policies responsive to local, national and global concerns toward the attainment of sustainable forestry and natural resources.
