

University of the Philippines Los Baños
College of Forestry and Natural Resources

IRNR

ABOUT US

The Institute of Renewable Natural Resources was formally established on June 25, 1998, as a merger of the Department of Forest Resources Management and the Department of Silviculture and Forest Influences.

The Institute is envisioned to have a unified leadership to effectively respond and achieve a common goal of effective renewable natural resources conservation and have productive and sustainable forests.

OUR FACULTY

Marco A. Galang, PhD

Professor, Director

Nico R. Almarines, MSc

Assistant Professor

Jayson L. Arizapa, MSc

Assistant Professor

Nathaniel C. Bantayan, PhD

Professor

Vida Q. Carandang, PhD

Associate Professor

Ma. Jennalyn O. De Luna

Instructor

Kharmina Paola A. Evangelista, MSc

Assistant Professor

Vicmar F. Jugado

Instructor

Ma. Cecilia C. Marza, MSc

Assistant Professor

Vanessa M. Palma-Torres, MSc

Assistant Professor

Canesio D. Predo, PhD

Professor

Gaudencio H. Ramos III., MSc

Assistant Professor

Mario U. Tercero, MSc

Assistant Professor

Keshia N. Tingson-Abucay, MSc

Assistant Professor

Roberto G. Visco, PhD

Professor

Rogelio T. Andrada II., PhD

Professor

Romnick S. Baliton, MSc

Assistant Professor

Margaret M. Calderon, PhD

Professor

Analyn L. Codilan, PhD

Associate Professor

Jan Joseph V. Dida, MSc

Assistant Professor

Marie Jessica C. Gabriel, MSc

Assistant Professor

Frechie Belle O. Lo, PhD

Assistant Professor

Jenielyn T. Padrones, PhD

Associate Professor

Albert A. Piñon, MSc

Assistant Professor

Diomedes A. Racelis, PhD

Professor

Tomas D. Reyes Jr., PhD

Associate Professor

Cristino L. Tiburan Jr., PhD

Professor

Enrique L. Tolentino Jr., PhD

Professor

Rex Victor O. Cruz, PhD

Professor Emeritus

OUR RESEARCH

Agroforestry and Related Studies | Carrying Capacity Studies | Climate Change Studies | Disaster Risk Reduction and Management | Forest Land Use Planning | Forest and Landscape Restoration | GIS and Remote Sensing Applications in Forest and Natural Resources Management and Conservation | Integrated Watershed Planning and Management | Product Development | Valuation of Ecosystems Services | Plantation and Nursery Establishment

OUR COURSE OFFERING

The Institute offers FRM (Forest Resources Management), SFI (Silviculture and Forest Influences), and NRC (Natural Resources Conservation) courses as part of the Associate of Science in Forestry, Bachelor of Science in Forestry, Master of Science, and Doctor of Philosophy programs. Some courses are included in the specialization/elective courses of other degree programs in the University.
